Item	Title	Decision	Action Required
078/15/1	Apologies for absence.	John Howard.	-
078/15/2	Declarations of interest.	-	-
078/15/3	Consultation response to planning application 15/00215/FUL	<p>Consider and respond to a planning application for the erection of a single 500kW wind turbine with a hub height of 50 metres, rotor diameter of 54 metres and a tip height of 77 metres. Located on land at the South East Of Thorney.</p> <p>The proposed size of the turbine is too large for the landscape where it is proposed to be located and will have a disproportionate effect on the view as a result.</p> <p>There are already a number of approved applications for turbines in the area, including those which have now been built, which will have a cumulative effect on the landscape (4.2.3 and 4.2.4 Newark and Sherwood District Council, Local Development Framework Wind Energy Supplementary Planning Document).</p> <p>The proposed turbine is too close to a local resident's property.</p>	LS to email response to NSDC.
